No other hairdresser who specialises in curly hair has been so successful and stylish with her hair. She's professional and she's on top in the city. She's the one who's in a position.

W: Oh, look! What you like to come and all about now?
 J: Thanks.
 W: It's just for the green world you see?
 J: Yes, yes, thanks.
 W: Now, how would you like your hair today?
 J: You know, as usual for a girl?
 W: Well, I'd like my hair shorter, but not too short. Medium length.
 J: So, about to here?
 W: About, yes, that would be great.
 J: Would you like it straight or curled under?
 W: Perhaps a bit curled under.
 J: Like this?
 W: Yes, that's nice.
 J: What about a colour?
 W: About, I'm not sure.
 J: I think your natural colour is very nice. I wouldn't change it.
 W: OK, let's start then.
 J: How long I'll wash your hair before I cut it. Would you put your head back? Thanks.
 20 minutes later
 W: There, Jane, I think that's done. Would you like to see the back in the mirror?
 J: Yes, please.
 W: What do you think?
 J: It's lovely, just right, thanks.
 W: Good, I'll just take off the green...
